PILOT Hood

Essex PB&R

HELPS A PILOT TO SEE CLEARLY

Essex PB&R Corp.'s PILOT COCKPIT CREW UNIT is a lightweight, fire resistant, compact and easy-to-use protective smoke hood. While it does not provide its own source of oxygen, it does easily slip over a pilot's existing equipment. The PILOT fits over most cockpit crew's oxygen delivery systems to allow the pilot or cockpit crew to continue to see clearly in smoke-filled environments.

PILOT PRODUCT DATA

- Works with most Pilot's and Co-Pilot's Oxygen Masks
- "One-Size Fits Most" neck seal
